THE best thanks of the Editor will be given to any Traveller who may do him the favour to point out inaccuracies in this Work, or furnish any information which will be useful to Travellers in general—addressed “BRADSHAW HOUSE, 5, SURREY STREET, STRAND, LONDON, W.C.2.”

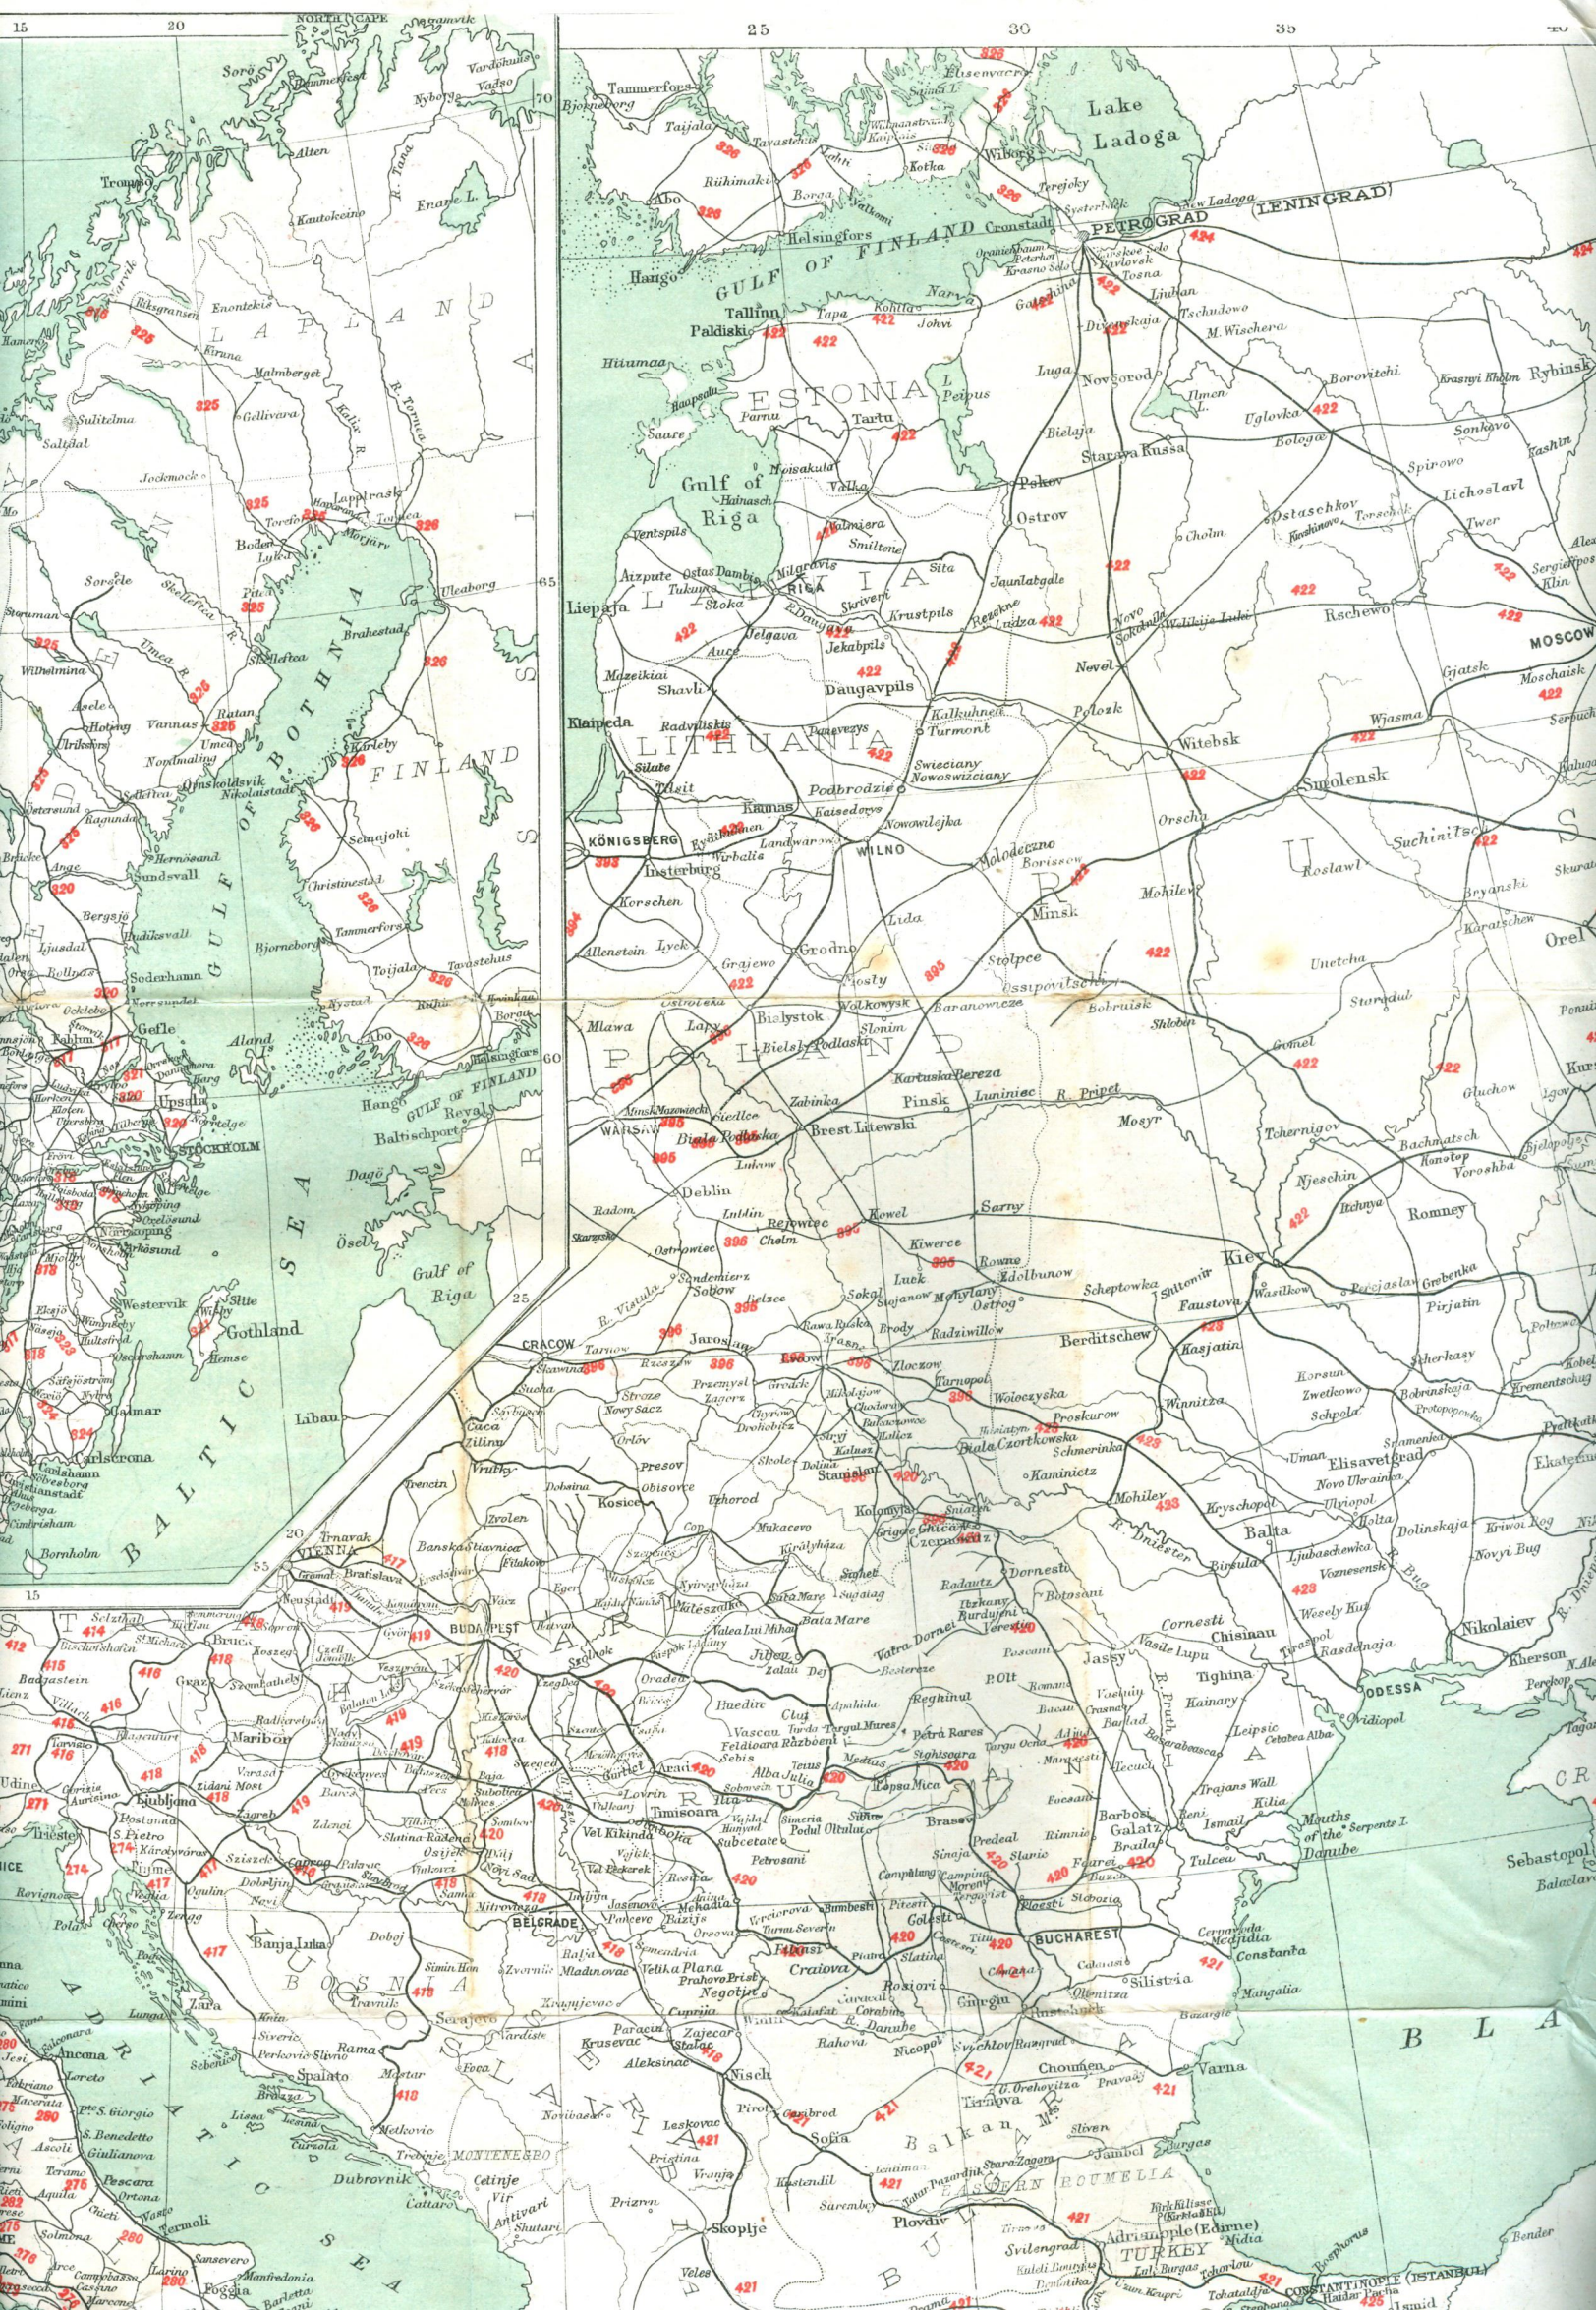

The Editor will also be happy to reply to enquiries having reference to the tables, etc., should difficulties be encountered in using the GUIDE.

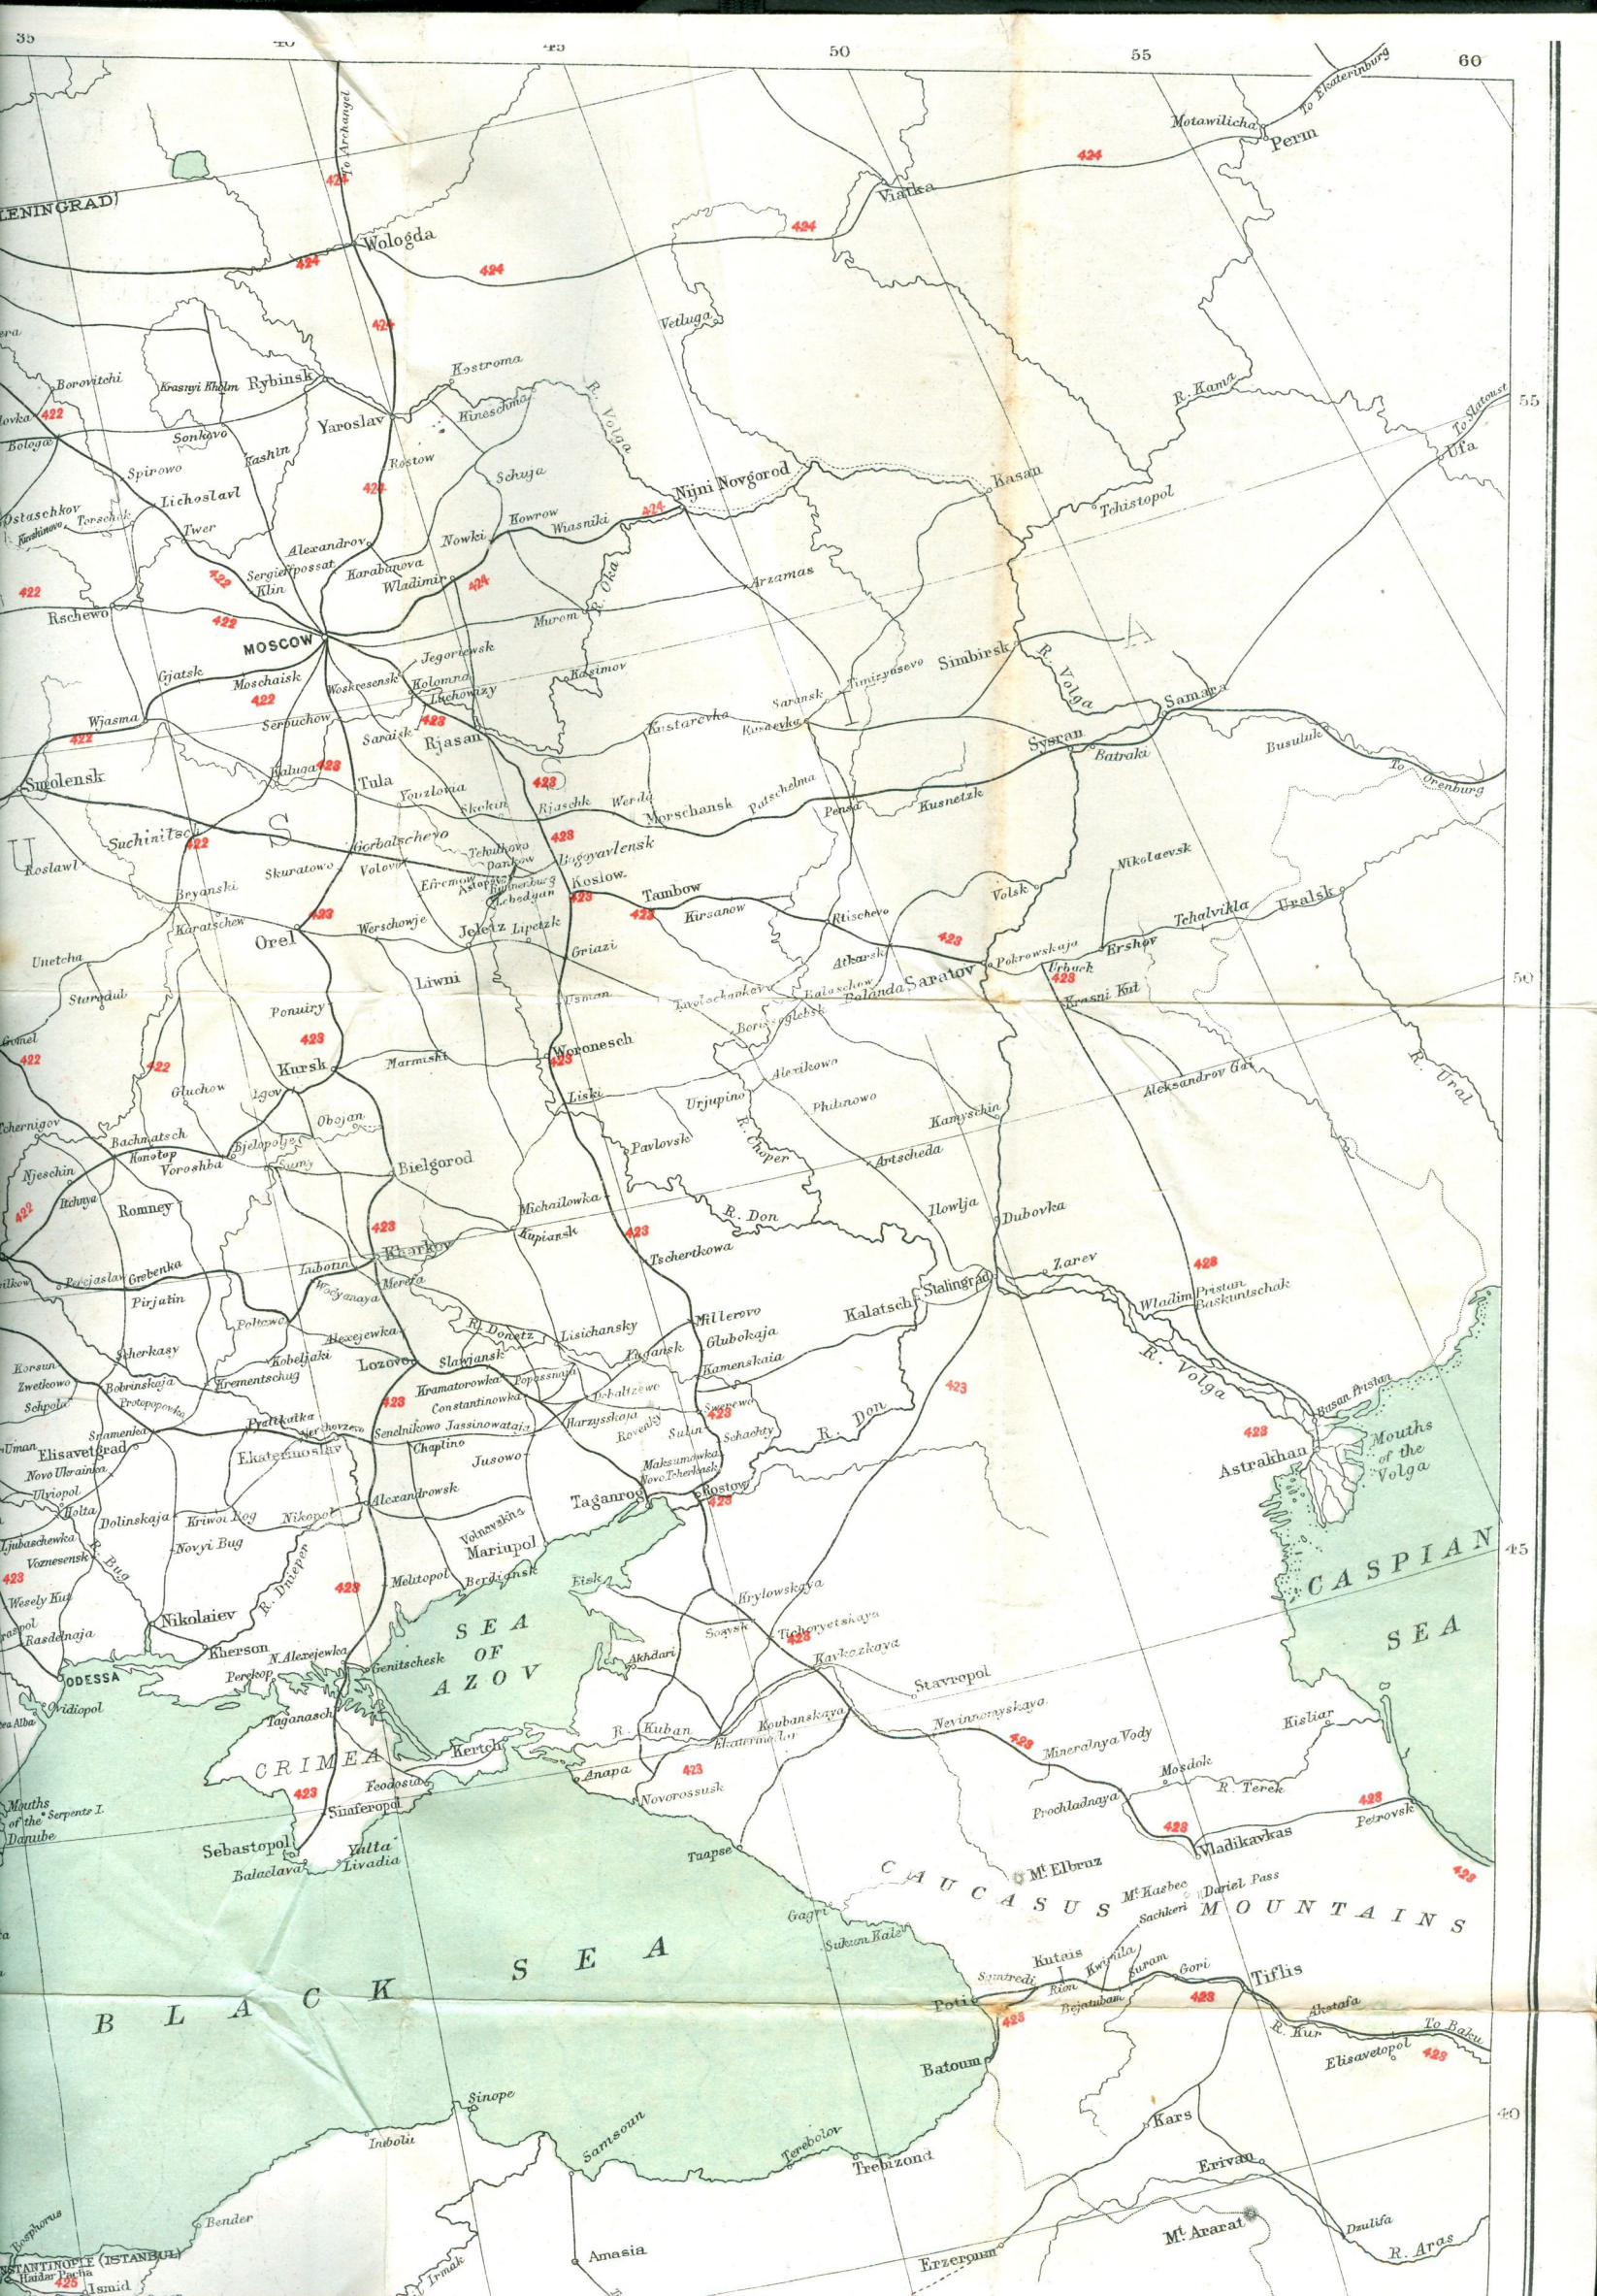

Sunday Trains.—Most Continental Trains run the same on Sunday as on week-days.
Bold Figures—Thus (24) are placed against Stations where other lines run in, and refer to pages of the Guide where these lines will be found.
Classes—"1 cl.," "1 & 2," "1, 2, 3," etc.—at the head of each table refer *only* to the trains running over the line described in the title of the table, and *not* to the trains from or to connecting Stations.
"Ex. 1," "Ex. 2," "Ex. 3," at the head of a train, signify 1st class Express, 1st and 2nd class Express, 1st, 2nd and 3rd class Express. These distinctions are necessary where shown, the fares by Express trains being higher than those by ordinary trains.
Trains de Luxe and Sleeping Cars—Are specially indicated in the Tables. For supplementary fares and other details see page lviii.
Connections.—The connections shown in the following pages cannot in all cases be guaranteed, as the Companies reserve the right, when necessary, to discontinue trains without notice. At the change to Summer Time connections are apt to be dislocated, and special enquiry should be made.

Page references in Index preceded by dots (thus : ...80) indicate connections from Main or other lines.
 " " in Roman Numerals (except pages i to iv) refer to A. B. C. Routes.
 " " below 20 refer to Direct International Tables. | *For other Explanatory Notes see page xiv.*

GENERAL INFORMATION FOR CONTINENTAL TRAVELLERS.

HOW TO USE THE GUIDE.—Refer to the A.B.C. Direct Routes (Page lviii). Most places of importance are included in these pages, and no difficulty can be experienced if directions are followed. When the destination is a place of minor importance, the traveller by the aid of the index, should first find the table in which it appears, then, guided by the names of leading stations on the same line, find the position on the map of the destination; this ascertained, it is only needful to look for the nearest large place to which a route is traced.

In some Tables the mileage given is calculated on a Tariff basis to facilitate the use of the Fare Tables. This Tariff mileage is in general in excess of the actual mileage.

CONTINENTAL TRAINS: COMPOSITION AND ACCOMMODATION.

Trains de Luxe and Sleeping Cars.—Sleeping Cars, complete with linen, toilette and W.C., and Restaurant Cars are attached to all International and most Express trains of importance. Trains de Luxe are attached to all International and most Express trains of importance. Trains de Luxe are composed exclusively of such rolling stock, and admit 1st, and in most cases also 2nd, class passengers paying a supplementary fare. The Sleeping Cars consist of single and double compartments communicating where necessary. To reserve Berths apply to Cook-Wagons-Lits Co., Berkeley Street, London, W.1.; or in the case of Cars in the Flushing Service to the Zealand Steamship Company, Ltd., or to Messrs. Wm. H. Muller & Co., Ltd., 66, Haymarket, London, S.W.1. Reservations may be made, and tickets issued upon giving forty-eight hours notice provided accommodation is available or in case of force majeure the accommodation may be definitely cancelled.

All Trains de Luxe are indicated as such in the tables. For Supplementary fares, see page lvii. Children.—Children under three years, sharing the bed of the person accompanying them travel free, but half tickets must pay the entire supplement even if beds are not available. Belgium.—"Wagons Restaurant" on some trains. The W.R. are available for 1st, 2nd and 3rd class. Sleeping Cars, 1st and 2nd class, on International Trains. 3rd class Sleeping Cars on some trains.

France.—COULOIR (corridor) carriages with lavatories in principal trains.

COUCHETTE ACCOMMODATION.—Ordinary first class compartment converted by night into two or four berthed sleeping compartment.

COUCHETTES-TOILETTES.—Each compartment fitted with wash basin and one lavatory to two compartments.

LITS-SALONS.—Single or double compartments, seats converted into couches at night, with pillow and blanket in winter, with lavatory accommodation.

CANAPES-LITS.—Cars containing one compartment of two places with beds.

A supplement in addition to 1st class fare is payable. Sleeping Cars (1st and 2nd class) on international trains. Special 3rd class for Winter Sports.

Wagons Restaurants or Voitures Buffets are attached to principal trains.

RESERVATION OF SEATS.—Passengers undertaking a long journey should in all cases reserve seats well in advance.

Continental Trains: Composition and Accommodation—contd.

Germany.—For ordinary trains (Personen) no supplement other than Einheitsätze (place ticket) is required, but for Eilzüge, Schnellzüge, Durchgangszüge (D. trains), Fernschnellzüge (F. D. trains), Express and Luxuszüge (Trains de Luxe) a special supplement is charged. Passengers when booking should ascertain the type of train for which the ticket is issued.

Sleeping cars, either of the Sleeping Car Co. (1st and 2nd class and supplement) or Mitropa (1st, 2nd and 3rd class) are on long distance trains. Supplements in all cases.

Holland.—For International Corridor (D.) trains a supplementary fare is charged.

Italy.—The principal trains are known as "di Lusso" (Luxe), Direttissimi (Express), and Diretti. In the two first, sleeping, restaurant and lavatory accommodation is provided. In the Diretti trains and in many long distance slow trains a compartment with lavatory accommodation will be found. On certain expresses 1st and 2nd class Sleeping Cars are now provided.

Spain.—Carriages have to be changed at the frontier, the railway gauges of France and Spain being different, the trains however, run alongside each other. First class carriages are now excellent, second class quite comfortable, but express trains are usually composed of first and third class only; third class carriages on express trains are invariably crowded and are not recommended for British travellers. On all the main lines the trains are composed of corridor carriages, and there is an excellent service of restaurant and sleeping cars; in some cases also "Trenes de Lujo" (Luxe) are run. See also page 287.

Switzerland.—Trains are mostly 2nd and 3rd class, with 1st, 2nd and 3rd class on International or long distance trains.

RESERVATION OF SEATS.—Seats on the boat and international trains can be reserved in advance. Apply Continental Enquiry Offices, Victoria Station, and Liverpool Street Station. Seats on French Railways (Garde Place), and on some Italian Services, may also be booked in advance; for "Limited Service" and other Express trains, seats must be reserved in advance. Apply Continental Offices, Southern Railway, terminal stations, and usual tourist offices.

RESERVATION OF BERTHS ON CHANNEL STEAMERS, etc.—see next page.

TICKETS.—Enquire as to length of validity of return tickets before booking.

Baggage Registration.—Holders of through tickets may register their baggage to most places of importance on the Continent, and once registered they have no further trouble about it except at places of examination.

Examinations are generally made at the stations nearest the frontier, but Paris baggage is examined at destination, and on some trains de luxe on the train. Baggage registered to the Riviera, and belonging to passengers not travelling by the Train de Luxe, is examined during the winter (with one or two exceptions) at destination. (Monte Carlo baggage is examined at Monaco).

Passengers by the Folkestone-Dunkerque Line can register their baggage at many important stations on that system. A motor saloon conveys passengers from Euston, Paddington, King's Cross, Marylebone and St. Pancras to Victoria. Passengers by the L.N.E.R. Line can also register their baggage at important departure stations.

Other details, too numerous to mention, must be obtained when booking.

Free Allowance of Baggage.—66 lbs. (adult) and 44 lbs. (child) for through tickets to France and Spain, to Belgium (as far as Dover only), and to the frontiers of Germany, Switzerland and Italy; also to Rotterdam via Gravesend. There is no free allowance beyond these frontiers except in Greece, Syria and Turkey. A free allowance of 56 lbs. (adult) and 28 lbs. (child) is granted to Continental port for Scandinavia via Harwich; also in Denmark and Sweden.

No free baggage allowance beyond Flushing on Flushing route.

Registration Fees.—Charges vary from 1/- upwards according to destination and route.

Baggage Delivery.—Arrangements can be made on arrival for the delivery of registered baggage at various large towns and watering places in Belgium.

Baggage can also be collected and delivered in Paris and various French towns.

Hand Luggage.—Hand luggage is examined by the Customs at every frontier. In some instances in the train, otherwise passengers go through the Customs House.

A reasonable amount of hand luggage is allowed free of charge.

CUSTOMS REGULATIONS.

Wireless valves and other articles liable to key industry duty. Clocks and watches. Cocaine, morphine, heroin and raw or medical opium. Prepared opium. FOREIGN MONEY-LETTERS OF CREDIT.

Drafts and Letters of Credit Payable in Foreign Money may be had on the principal towns abroad from bankers in London, which are subject to no deduction for exchange or commission; the sums payable being fixed on this side; they only require a foreign bill stamp according to the law of the country where they are made payable. Where, however, drafts or letters of credit are issued in sterling there is no fixed rule as to the remuneration of the bank cashing the draft, sometimes commission is charged and sometimes it is included in the rate of exchange.

Circular Notes of small denomination are issued (£10, £20) for the convenience of the traveller by most of the principal London bankers, and form a very safe and convenient kind of Letter of Credit.

Travellers' Cheques.—Issued by Dean & Dawson, Ltd., 81, Piccadilly, W.1.; See Advt. on front cover. The American Express Co., 6, Haymarket, S.W.; The Banca Commerciale Italiana. Italian Travel Bureau, 16, Waterloo Place, Regent Street, S.W. or Thos. Cook & Son, Berkeley Street, Piccadilly, W. These cheques provide a safe and convenient means of carrying money, they are readily accepted at hotels, shops, restaurants and local agencies all over Europe and are safeguarded against loss if stolen before being cashed by the owner.

THE METRIC SYSTEM OF WEIGHTS AND MEASURES, WITH ENGLISH EQUIVALENTS.

LINEAR MEASURE { 1 Centimètre (10 millimètres) = 0.3937 inch.
1 MÈTRE (100 centimètres) = 39.3701 inch = 3'28 feet = 1.093 yard.
1 Kilomètre (1,000 mètres) = 1093.6 yards = 0.62137 mile.
To convert metres into yards, add $\frac{1}{10}$ th; to convert yards into metres, subtract $\frac{1}{10}$ th.
One kilometre = $\frac{1}{5}$ ths. of a British mile; 5 miles = 8 kilomètres (nearly), or 10 miles = 16 kilomètres.

To convert English statute miles into geographical (or sea) miles, subtract $\frac{1}{16}$ th. One sea mile = 1.15 English mile = 1.85 kilomètre. Hence 100 sea miles = 115 English miles = 185 kilomètres

Weights and Measures.—A penny weighs $\frac{1}{16}$ oz., or 10 grammes; a halfpenny, $\frac{1}{32}$ oz. A French centime or cent. weighs a gramme; its diameter equals a centimètre. 1 Centimètre = $\frac{1}{10}$ th of an inch; or 2½ Centimètres = 1 inch. An inch is the diameter of a halfpenny.

SPANISH RAILWAYS.

WEST EUROPE (Greenwich Time) is kept on Spanish Railways.

Some details in regard to accommodation on trains are given on page xlvii. In addition to what is there stated, Saloon Cars and "Coches Butacas," like First-class Corridor Carriages, run on certain trains. For these a supplement of 10 per cent. above the first class fare is charged. Seats can be reserved in 1st class on some of the expresses, otherwise the supplement is paid at the station before departure if accommodation should be available.

In Spain the charges for tickets vary slightly over the different Companies lines.

There are no fixed kilometric charges of universal application for less than 3,000 kilometres.

Kilometrical Railway Tickets.—These tickets, available for travelling total distances of from 3,000 to 12,000 kilometres (1,864 miles to 7,458 miles) are issued by the Spanish Railway Companies at the following rates:—

Kilos.	Eng. Miles.	Pesetas.			Validity	
		1st Class	2nd Class	3rd Class	*Persons.	Duration.
3,000	1,864 1/2	323 35	242 75	147 55	1	3 months

12,000	7,458	1,281 95	962 75	582 10	7	12 "

*—For persons of same family only.

Railway Tickets in Spain include an Insurance Fee for travellers, up to Ptas 30,000 in case of death. The Insurance Fee is 4 per cent. and is included in the price of the ticket.

Special Circular Tickets for nine different itineraries are also to be obtained. Both kinds of tickets are about 25 per cent. cheaper than the ordinary fares. For full particulars, apply to the usual tourist agencies.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. The left edge of the page is bound into the book's spine, showing the inner hinge and the edges of the book's pages. The overall tone is warm and slightly yellowed, consistent with the 'Antique' description in the caption.

SOME PRESS OPINIONS.

"A mine of information for travellers in Europe."—*Daily Sketch*.

"It is both guide book and hotel book. There are 250 pages devoted to hotels."—*The Star*.

"This publication is a veritable pocket encyclopædia of travel combining a dozen guide books in one."—*The Field*.

"Competent authorities all over Europe have collaborated in this volume. A new feature is to be found in 250 pages devoted to hotels."—*The Observer*.

"This attractive little book will be a veritable godsend to any who would go a travelling and do not know where to go or how."—*The Lancet*.

"While being strictly accurate where transport was concerned, this book was frankly behind the times as a guide to places of Catholic interest. Now, however, the new issue has accurate descriptions of these places and the Continental Handbook is fit to take its place beside its elder brother—the highest tribute one can pay to it."—*The Universe*.

"It is a unique publication, alike in its scope and the fulfilment of its promise of giving in condensed form details of everything worth seeing in the wide area it covers."

"This reference book is one which doctors and others having to advise patients and others in regard to European spas and health resorts and travel for purposes of recreation, education, and general well-being should keep at hand."—*Journal of Tuberculosis*.

"This handbook for travellers through Europe covers also Algeria, Morocco, Egypt and Palestine, and incidentally Great Britain and Ireland. Every health resort and town of importance on the Continent is briefly described—its hotels, its churches, museums, and 'sights'. It is, for the wealthy a compendium of the pleasant places to stay in in Europe, etc., and for the wise an equally valuable guide to a vast array of jumping-off places for the adventurous unknown."—*Manchester Guardian*.

"All European countries come under its purview, and in addition there is a valuable directory of Bathing Resorts and Spas, comprising every well-known place with healing waters, the chemical constituents of the waters and the diseases for which they are recommended."

"Comes at the right time. It summarises the attraction of each European country for the tourist and traveller; and, under an alphabetical arrangement, describes their chief tourist centres, how to reach them, what to look for in them, and where other information regarding them can be obtained. This is a very cheery volume to get pushed under one's nose in a workaday study."—*West Sussex Gazette*.
